# Coding for a Cause

During the week of **December 9-13, 2024**, Lakeview students will be participating in a global initiative called **Hour of Code**, which takes place during **Computer Science Education Week**.

Students will celebrate **Hour of Code** by exploring different coding activities that provide opportunities to create, design and learn how to turn their ideas into reality!

This year our students are **coding for a cause** to help provide **new, unwrapped toys and gifts** (age appropriate for newborns through teens) to be given to **I A.M. Hope NJ** to distribute to local children in need.

Collection boxes for **toy and gift** donations will be in the Lakeview Computer Lab and outside the main office **Dec. 2-13**.
